ABOUT THE SOCIETY

The Royal Geographical Society of Queensland promotes the study of Geography and encourages a greater understanding of the world around us. The Society offers a vibrant program of activities and projects including:

Monthly public lectures, Geography Matters - online only interview style presentation and Geography in Conversation - panel discussion forum on topics of local, national and global significance;

Day trips and longer treks both within Australia and overseas;

Special interest member groups in specific fields of geography and aspects of the Society;

A library and archival collection which houses a significant collection of maps and publications.

Young Geographers Group with regular networking events, including GIS and outdoor activities

BECOMING A MEMBER

Anyone who is interested in the world's natural and social environments will enjoy being a member of the Society. Members may attend free monthly lectures, take part in guided excursions, assist with geographical education and research projects, and use the Society's library of geographical books, magazines and maps. Members also receive a monthly newsletter.
